

VWFX65-L

The VWFX is purpose designed for easy and fast installation in video wall installations and for forward tilting walls and menu board applications up to 45°. The VWFX65-L is designed for modular use with models VWPOP and VWFS or alternatively where full service access is not required. Tool-less micro-adjustment is included for seamless alignment of the displays and precision dedicated spacers eliminate requirement for on-site calculations and measurements.

FEATURES

- Designed for use in forward tilting walls and menu board applications up to 45°.
- Sequentially drilled wall plate and precision dedicated display spacers eliminate requirement for on-site calculations.
- Tool-less independent 8-point micro-adjustment provides seamless alignment of the displays.
- Adjustable VESA mounting patterns from 100 x 100 up to 600 x 400.
- Modular mount for unlimited video wall display configurations, can be used with models VWPOP and VWFS.
